

North Dakota Early Childhood Higher Education Consortium Statewide Early Childhood Education Articulation Agreement¹

Fall 2024 through Spring 2027

Purpose: This agreement has been drafted by and is endorsed by the members of the North Dakota Early Childhood Higher Education Consortium (NDECHEC). It is intended to facilitate student transfer and early childhood education program articulation among the following campuses:

Bismarck State College	Cankdeska Cikana Community College
Dakota College at Bottineau	Dickinson State University
Lake Region State College	Mayville State University
Minot State University	North Dakota State College of Science
North Dakota State University	Nueta Hidatsa Sahnish College
Sitting Bull College	Turtle Mountain Community College
United Tribes Technical College	University of Jamestown
University of Mary	University of North Dakota
Valley City State University	Williston State College

Guidelines:

1. The articulated courses listed within this agreement have been evaluated by the members of NDECHEC and have been found to be equivalent. Further, these courses have been found to meet the criteria required for early childhood education teacher certification in the state of North Dakota.
2. Except where specifically noted, individual courses or groups of courses will be transferable to all institutions listed above. A student may attend a single campus before transfer or may attend multiple campuses prior to transfer. In either case, the courses will transfer between listed institutions and will fulfill general education, pre-requisite, and/or early childhood education requirements as annotated in the attached agreement.
3. A minimum grade of “C” is required for transfer of any course that is to be used as a part of the early childhood education major. Courses not required as part of the early childhood major must meet the minimum grade standards of the receiving institution. In some cases, a grade of “D” in non-major courses will meet certain requirements, but acceptance of grades of “D” is at the discretion of the receiving institution. In all cases, grades of “C” or above will be accepted as equivalent to matching courses on the receiving campus as annotated in the attached agreement.
4. Acceptance into the receiving institution’s education program is based upon both academic criteria (overall GPA, successful completion of required courses, and successful completion of the Praxis I (PPST) test) and non-academic criteria (viability for teacher certification, i.e. ESPB-required background check).
5. Students who transfer between signatory institutions of the North Dakota General Education Requirements Transfer Agreement and who completed their general education requirements after 1996 (for university system institutions) or after their final sending institution has its GERTA Gold Page approved (for non-system institutions) will be deemed to have completed all lower division general education requirements at the receiving institution.
6. Members of NDECHEC must approve subsequent early childhood education articulation agreements drafted between an individual signatory or between groups of signatories to this document and secondary schools.
7. This agreement is in force from the date of its approval and will be formally reviewed by consortium members every other year. All signatories will have the right to continue, amend, or cancel their involvement with this agreement at that time.
8. The signatories to this document are not responsible for any required changes to this document that come about as a result of changing state teacher certification requirements, national accreditation requirements, or changes to state or federal law.

	*Only four programs offer this course.					

- Each institution maintains its own set of general education requirements (GERs) under North Dakota State Board of Higher Education policy. Completing lower division GERs at any NDUS institution guarantees completion at all NDUS institutions. Completion of lower division GERs at Cankdeska Cikana Community College, Turtle Mountain Community College, Sitting Bull College and United Tribes Technical College guarantees completion at all NDUS institutions.
- Most campuses require a cultural diversity course, which should be selected from the Social Science or Arts and Humanities general education categories.
- College algebra *is not* required for early childhood education majors at all campuses. College algebra *is* required for students who double-major in early childhood and elementary education at all campuses. Students should consult with individual campuses to determine a best course of action prior to transferring.
- While some sciences are required for all majors at all campuses in North Dakota, these *particular* categories are not required for early childhood education majors. These categories *are required* for students who double-major in both early childhood and elementary education. All early childhood education majors should consult with an advisor prior to registering for science courses.
- Students must request evidence of successful field experience be forwarded from their previous institution's education department to their new institution's education department.
- UMary may not accept these courses in transfer
- SOC 220 may be a substitute for 238/338 at some institutions and not others
 NOTE: Some campuses require a higher GPA for admission into education programs than is required for admission to the institution. Consult with your receiving institution to determine GPA requirements.
 NOTE: The PRAXIS I is now required for teacher certification in North Dakota. Some campuses require this prior to admission into the program.
 NOTE: Although grades of "C" will transfer to UND, all transferred education courses used as part of an education major must earn a minimum grade of "B."
 NOTE: Completion of the AA/AS degree has been shown to increase the likelihood of a student's completion of a baccalaureate degree.
 NOTE: Sending campuses may include Cankdeska Cikana Community College, Nueta Hidatsa Sahnish College, Turtle Mountain Community College, Sitting Bull College, United Tribes Technical College, and all North Dakota University System campuses. To be included in this agreement, campuses must have their individual courses approved by the Physics Common Course Number Discipline Group.
